And people turning 65 next year will lose most, up to £322

# So millionaires ...can pay less.

PAY TO THE ORDER OF

1025

DATE 21/03/12

£ 40,000

- X 14,000 millionaires to get a tax cut worth over £40,000 a year each**

MEMO

0000000000 0000000000 1025

## Cost of George Osborne's failed economic plan

**The Government's economic policies have failed.**  
They promised change, but things have got worse not better.

- X Jobs** One million young people unemployed
- X Growth** Britain's economy has stalled
- X Borrowing** Government set to borrow £150 billion more

### The Tories are out of touch

At a time when families are being squeezed by rising fuel prices, seeing their tax credits and child benefit cut, when one million young people are out of work and there's a big deficit to clear, it is the wrong priority to cut taxes for millionaires.

**This shows just how out of touch this Tory-led Government is.**

**We need action on youth jobs and to stop a tax credits bombshell for working parents, not cutting taxes for the very richest.**
