St Johns Car Park

I would like to thank local residents for making the time and the commitment to challenge the St Johns car park development. While we lost the argument at the planning committee I am certain that the final plans are much improved due to your intervention. I would urge residents to continue to make representation in terms of the detail of the plans, the management of the site and the Highway issues.

Our argument has a sound basis in a vision of the town which is for everyone not just one narrow demographic. We need a town that is integrated in its access to retail, culture, sports and leisure. That vision will continue to be important and needs to be highlighted in the local plans.

The new National Planning Framework, in my opinion, is weighted in favour of development where no local, legal constraint is found. This means local plans are ever more important. There is a contradiction, in my view, between the plans for St Johns car park and the Central Area Action Plan.

It has been such a pleasure to meet the local residents around St Johns. And great to see active citizenship in the public arena.

Yours

Cllr. Danielle Stone, Castle ward.

CASTLE Rose

Northampton Labour 'putting the residents and communities first'.

Your ward councillors are campaigning

- To restore street lighting, protect PCSOs and maintain CCTV coverage
- To regenerate Northampton and create jobs
- For Unitary status for Northampton:- Northampton could provide better services for schools, social care and health, roads, and provide better value for money.
